

VERCO

oblique desking

are you sitting comfortably?

At Verco, we think about people as individuals. And we are passionate about innovation and excellence.

We provide real solutions to help YOU to develop your business. Which means looking after your main asset – your workforce – by creating an environment designed both to inspire and to motivate. That's why we've developed a superb new range of desking – the Oblique range – flexible enough to meet your every requirement, yet simple enough to change according to the needs of today's fast moving office. From furniture for cellular offices to 'free-address' workstations, Oblique creates an atmosphere of space and light with minimalist design.

Verco – manufacturers of intelligent seating and desking.

FM20306

a space of your own

A workspace that reflects the combination of your personality and the values and ethos of your Company.

The beauty of walnut veneer, combined with the strength of stainless steel.

Hard wearing.

Exquisitely detailed.

Matching storage units complete the picture.

share and share alike

Shared space with inbuilt privacy. Close, but not too close... the ultimate in office harmony.

Quietly confidential.

the personal touch

Adapting to a modern office environment with ease, this simple and elegant design combines telescopic beam systems and square-edged tops, creating a light, floating top aesthetic for both single or shared workstations.

true intelligence

In its simplest form, Oblique exists as a freestanding desk. Logical in concept, with a clean modern look, Oblique is an intelligent response to the most popular methods of work.

Introducing order and simplicity to complex work environments.

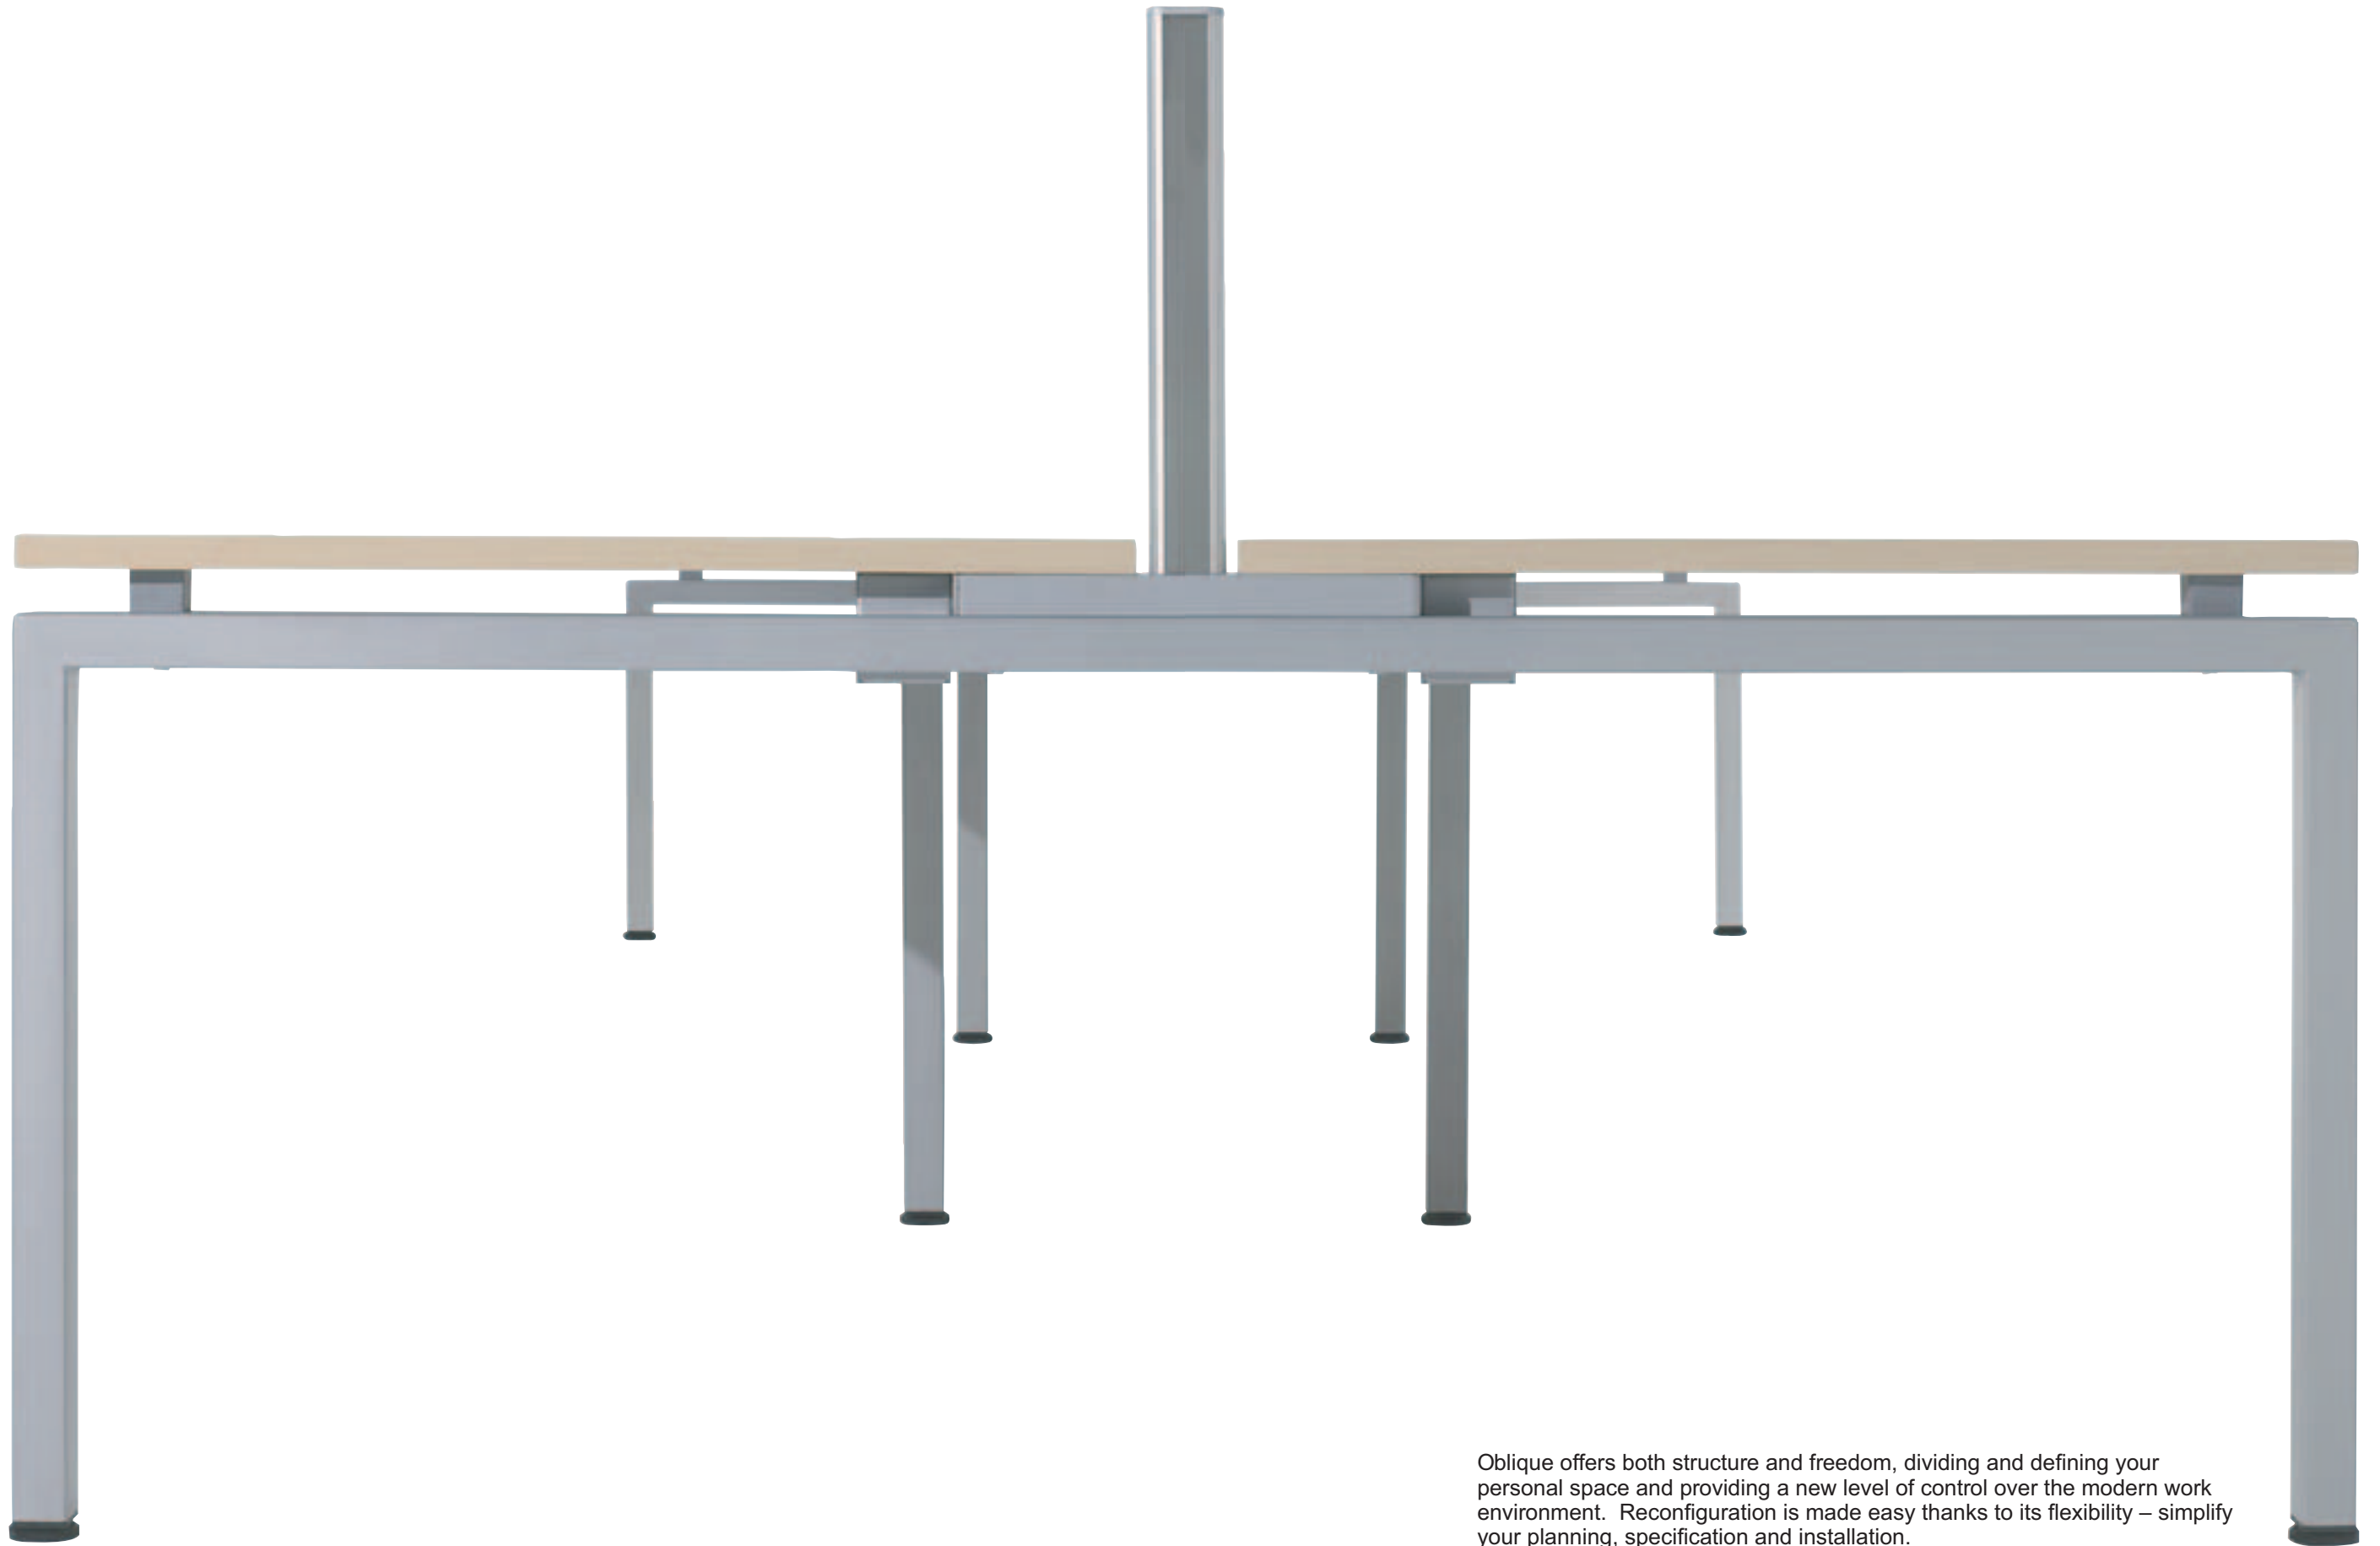

a change for the better

Minimalist framework and clean lines encourage teamwork and accessibility. Change, but without the need to reconfigure entire furniture arrangements.

Simply transforming your working life.

simplicity itself

Oblique offers both structure and freedom, dividing and defining your personal space and providing a new level of control over the modern work environment. Reconfiguration is made easy thanks to its flexibility – simplify your planning, specification and installation.

Not just a desk – more a way of life.

Verco - going to great lengths

storage solutions

A full range of storage solutions complements Oblique's clean lines and simplicity of form. Available in a choice of cherry, maple and walnut veneers, harmonising perfectly with current interior design themes.

Stylish and safe.

veneer

the spice of life...

A wide variety of mfc storage units - in beech, maple or oak finish- with a choice of internal fittings to meet the needs of an evolving office environment.

Plan your storage, accommodate your needs, and capitalise on your space.

mfc

time and space

Oblique is a freestanding desk, but it can also be configured to meet the most demanding office space requirements by the addition of optional elements.

Matching the level of complexity required and ensuring the best possible use of space and budget.

Bring structure to your working life.

out of sight

A basic platform with the potential to develop into a highly sophisticated workstation, and providing storage capacity close at hand, but without detracting from your desk space.

Simple to specify, sophisticated in style and effortless to use.

let's get together

A choice of materials, colours and shapes, clean lines, simple tops and minimum leg intrusion provides the most stylish solution to the increasingly popular desire for dynamic meeting areas within the workplace.

Making connections.
