PEDRALI®

beauty, tradition and innovation

— multi-material furniture for contract and residential

Pedrali is an Italian company that produces contemporary chairs, tables, furnishings and lamps for contract and residential. the collection is the result of a careful and accurate research aimed to create functional and versatile industrial design products made of metal, plastic materials, wood as well as upholstery.

— a 100% Italian company

Furniture exclusively manufactured in Italy through a design process which combines tradition and innovation, engineering excellence and creative brilliance. The “100% made in Italy” philosophy becomes real through the internal production in the headquarters of Mornico al Serio (Bergamo), where the automated warehouse designed by architect Cino Zucchi is based, and in the wood division in Manzano (Udine).

— collaboration with designers

Pedrali collaborates with numerous Italian and international designers who fully embrace its philosophy, enriching it with their precious contributions and allowing it to obtain important awards such as the 2011 ADI Compasso d'Oro for the Frida chair.

hospitality

Drawing on its deep-rooted experience in the hospitality world, pedrali's collections are designed to suit the most prestigious international settings. Marked by an outstanding quality, its furniture is innovative and versatile, light and easy to move, and yet extremely durable. The antibacterial properties of the materials used facilitate cleaning and sanitising.

outdoor

Pedrali's outdoor collections are designed to ensure well-being and a moment of relaxation and escape from everyday life on the terraces and in the gardens and verandas of our own homes or of restaurants and cafés, or again in the common areas of our workspaces. these products are light and easy to move, and often stackable. the materials used make them resistant to weathering, salty sea air and sunlight, so as to preserve their beauty and quality over time.
